ARMISTICE TERMS HANDED TO THE GERMANS

GERMANY FACES DRASTIC TERMS

Conditions for Obtaining Peace Have Been Framed by Inter-Allied Conference.

EMPIRE STANDS ALONE

Forsaken by Her Allies, Germany, Power That Aimed to Dominate the World by Force, Is at Threshold of Defeat.

London, Nov. 5.—Now that Germany's allies have been beaten and forced to accept terms for a cessation of hostilities against them tantamount to abject surrender, the die now is to be cast in front of the Hohenzollern dynasty.

The inter-allied conference sitting in Versailles has drawn up the terms under which Germany may have peace and the indications are that these terms will be no less hard than those imposed on Austria-Hungary, Bulgaria and Turkey.

Forsaken by all her allies, Germany, the power that hoped to be able to dominate the world by force, is at the threshold of acknowledging defeat by capitulation or continuing a struggle which means her ultimate utter defeat.

Vanquished Shorn of Power. The terms accepted by Austria-Hungary, Bulgaria and Turkey have shorn all these states of power. Those imposed upon Germany surely will be no less severe in rendering that country powerless to resume hostilities, even in the far distant future.

Meanwhile pending the presentation of the dictum of the Allies the German armies in Belgium and France are the only ones left of the Teutonic allied group which are under attack. And they are being sorely tried.

In the Italian theater the Austro-Hungarians, utterly crushed, having lost thousands of men killed and 300,000 taken prisoner, are standing bewildered before the victorious Italian, French, British, American and Czech-Slovak armies.

MRS. T. J. PRESTON

Assumes Charge of Volunteer Patriotic Speakers.

Mrs. Thomas J. Preston, Jr., formerly Mrs. Grover Cleveland, has assumed charge of 2,000 volunteer patriotic speakers in all parts of the country as directors of the speakers' bureau of the National Security league. The bureau has furnished speakers in 20 different languages in every state in the union in the last six months.

Armistice Takes Effect.

Respite from further punishment was given them Monday afternoon at 3 o'clock. Northern Italy again is Italian and Trent, Trieste and other places which the Italians always have claimed as their own are dominated by the Italians and fly the tri-color of the kingdom.

Almost all of the Adriatic coast line now is in the hands of the Italians and Albania is all but cleared of the defeated Austro-Hungarians. Likewise, Eastern Serbia is freed of the enemy and a few days more doubtless will see the remainder of the straggling Austro-Hungarians making their way out of the western part of the kingdom, across the Save river into their own territory. As for Bulgaria and Turkey, they no more are menacing.

NOT TO DIFFER MUCH FROM THOSE GIVEN ALLY PARTNERS HUN CRIMES, CONDITIONS IMPOSED BY FOCH

(By United Press)

Paris--Nov. 5, Premier Clemenceau announced to-day that the armistice terms to Germany are the conditions laid down by Marshall Foch and are based on those to Bulgaria, Turkey and Austria. They included he said: military supremacy in case hostilities are renewed, and the disarmament of the enemy as much as is necessary to prevent a renewal of hostilities.

TERMS VERY DRASTIC

Austria Must Furnish Munitions to Fight Germany.

Conditions imposed on Bulgaria and Turkey were not nearly so harsh.

Washington, Nov. 5.—The dual monarchy, the last and most powerful ally of Germany, has passed out of the world war under terms of abject surrender.

Not only have the armed forces of the once-powerful Austro-Hungarian power laid down their arms to await the end of the war and peace terms dictated by the Allies and the United States, but Austro-Hungarian territory is open for operations against Germany.

Even the munitions of the former ally are to be used against the Kaiser's armies if refusal to accept conditions now being prepared for them make prolonged fighting necessary.

Thorough Beating Administered. The terms which stopped the victorious advance on the Italian front were accepted by the Austrian commander-in-chief in the field in the name of the Vienna government, and their execution is guaranteed by the thorough beating already administered, which had converted the defeated army into a disorganized, fleeing horde.

Even the terms imposed previously on Bulgaria and Turkey hardly were so drastic.

American Forces Cross the Meuse

(By United Press)

London, Nov. 5.—American troops of the first army launched an attack this morning and forced a crossing of the Meuse at Brielle and Clery-Lo-Petit, despite desperate resistance, says an American official communiqué. They captured Beaumont and Cesse.

18,300 Men Called for Service Nov. 25

(By United Press)

Washington, Nov. 5.—Gen. Crowder called eighteen thousand three hundred white men for limited service to entrain Nov. 25.

Bolsheviki Ask for Peace Terms

(By United Press)

Copenhagen, Nov. 5th.—The Russian Bolshevik government has sent a note to the allies asking for peace negotiations. It is reported here.

French and British Attack This Morning

(By United Press)

Paris, Nov. 5.—The French first army launched a new attack on a forty mile front from Peron river to the Aisne this morning. Simultaneously the French pushed forward from Peron to a junction with the British at Sambre extending the attack over fifty-five miles.

Think Germany Will Accept Armistice

BY ROBERT J. BENDER,
(United Press Staff Correspondent.)

Washington, Nov. 5.—Germany by this time is probably acquainted with the terms of the armistice signed under conditions of diplomatic unity between the United States and the allies at Paris. Though no announcement has been made as to procedure with the armistice it was believed here no time was lost in sending the terms to Germany. That she will accept was the flat statement of one official, and the confident prediction of others. But the situation in Germany is not clear now and there is a chance that the militarists may refuse to yield yet. The allies stand united on Wilson's basis peace principles as a foundation for the armistice and future peace negotiations.

American Fleet Will Occupy Trieste

(By United Press)

Amsterdam, Nov. 5.—The American fleet will soon occupy Trieste according to reports from Pola.

Approve Kaiser's Refusal to Abdicate

(By United Press)

Washington, Nov. 5.—That the Kaiser had the Reichstag's approval in his refusal to abdicate is the substance of a semi-official Wolff agency report to Switzerland, relayed to diplomats today. Berlin newspapers were quoted as saying the Reichstag concluded after several days deliberation that the Kaiser need not abdicate.

Germany on Verge of a Great Strike

(By United Press)

Amsterdam, Nov. 5.—Germany is on the verge of a huge strike intended to enforce peace according to a proclamation published in the Berlin Vorwaerts, a semi-official government organ. This proclamation urges to the workers of Germany to refuse to respond to summons to walk out and tie up the nations industries.

American Army Advances 18 Miles

BY FRANK J. TAYLOR
(United Press Staff Correspondent.)

With American Army, Nov. 5.—Driving ahead in the face of increasing enemy resistance the first army has closed the famous Stenay gap and is now within ten miles of the southern foothills of the Ardennes. At Beaumont the Americans can look across from the heights south of that village into German territory eleven miles distant. Since Saturday the first army has advanced eighteen miles on a twenty mile front. In the last four days American aviators have brought down more than one hundred and fifty enemy planes.

BERLIN FILES PROTEST

Objects to Air Raids On German Towns and Cities.

Note to Washington Says Teutons Abandoned Such Practices on Oct. 1.

Washington, Nov. 5.—Germany is pleading for mercy from Allied and American air raiders.

A note delivered to the State department, through the Swiss legation, says German air forces stopped the bombardment of cities and towns on Oct. 1 and it is not understood why the United States has not followed the same course.

The German government notified the United States that since Oct. 1 its air forces have been under orders to make bomb attacks solely against hostile military objects within the immediate operations of war, on the assumption that Allied and American air forces were to receive similar instructions.

The note delivered through the Swiss legation protests that air raids have been carried out recently against seven towns with loss of life among the civilian population, and that unless such raids cease Germany cannot refrain from aerial attacks on Allied territory outside of the zone of operations.

This was the first notice received by the American government that such orders had been issued by the German air forces, which have constantly raided defenseless cities and towns in France, Great Britain and Italy since the war began. The State department made public the German note without comment.

LeQuesnoy Captured By the British

(By United Press)

London, Nov. 5.—LeQuesnoy, an important fortified town eight miles southeast of Valenciennes was captured by the British Monday. Gen. Haig announced, with a thousand prisoners. The British have thus wiped out a sharp salient created early in the advance. An additional advance of from three to four miles was made after overcoming strong resistance. The villages of Jollimez, Lerond, Quezue, Franzoy-Lepetit and Marais were captured.

Republicans Candidates Lead in Kansas

(By United Press)

Topeka, Kansas, Nov. 5.—Republican candidates jumped into a big lead over the democrats in Topeka precincts today when the count began under the dual election board system at noon. Capper for senator had 217 to Thompson 87.

Italians Capture 500,000 Austrians

(By United Press)

Washington, Nov. 5.—A half million Austrians were made prisoners by the Italians before the armistice was signed a Rome cable estimates.

HENRY P. DAVISON

American Red Cross Chief Honored by Belgian King.

King Albert of Belgium has conferred on Henry P. Davison, chairman of the war council of the American Red Cross, the Order of Leopold, the highest Belgian decoration. The decoration was given Mr. Davison following a reception near the front by the Belgian king and queen.

Inter-Allied Council Finished Work Monday

(By United Press)

Paris Nov. 5.—The inter-allied diplomatic council at Versailles terminated its work Monday it is announced today. All the members were in entire agreement concerning the armistice terms to be presented to Germany. It is reported here the plan is to have Marshal Foch present the terms to German commanders in the field.

Germany and Bolshevik Break Relations

(By United Press)

Washington, Nov. 5.—Diplomatic relations between Germany and the Bolsheviks have been broken off it is reported here.

STORM LINE OF SAMBRE CANAL

British Smash Through German Positions on Front of Thirty Miles.

MAKE FAST PROGRESS

Field Marshal Haig's Men Capture Important Points and Take More Than 10,000 Prisoners and 200 Guns.

London, Nov. 5.—Striking hard at the enemy lines along a 30-mile front, the British captured more than 10,000 prisoners and 200 guns, Field Marshal Haig reports.

The line of the Sambre canal was stormed and the British made an advance of more than three miles beyond it to the east.

The British have entered Oisy, and further north have captured Landreocles.

From the latter point to just west of Guise, which is still in the enemy's hands, the British advanced about a mile along the Sambre-Oise canal and the Oise.

Fighting is proceeding around Le Quesnoy, where the Germans launched a heavy counter attack.

Four British Armies Strike.

British Army Headquarters in France, Nov. 5.—The British First, Third and Fourth armies struck a heavy blow against the Germans on a wide front of primary strategic importance. The fine weather enabled the armies to co-operate to great advantage.

The smoke barrage set up by the British served their purpose—concealing the infantry movements, from the enemy and baffling the machine gunners.

The German left, disorganized to a degree owing to the recent withdrawals, had to accept battle unprepared as it was. The British employed tanks and their artillery support was extraordinarily intense.

The Quesnoy-Valenciennes road, directly north of Le Quesnoy, was reached by British patrols working beyond Villers-Pol.

King Albert's Men Gain.

Havre, Nov. 5.—The official communication from Belgian headquarters says: "We have completed the rejection of the enemy beyond the Ghent-Terneuzen canal. The Germans hold only a few machine gun nests on the bank of the canal."

Atlantic Crossed in Mid-Winter by Hardy Adventurers in Odd-Shaped 18 Foot Craft

Would you like to cross the Atlantic in mid-winter in a boat eighteen feet long? That is what a party of hardy adventurers did in a lifeboat of the Brude type. Leaving Norway,

they went to St. John's, Newfoundland, thence to Boston. The odd craft, which is shaped exactly like an egg, is equipped with sails and has a covering which shields its passengers from exposure in stormy weather.

The Long and the Short of the Situation Over There

These two Yanks are the recognized laugh producers of their company in the 108th Engineers of the American Second Army Corps. "Stretch" and "Shorty," as they are known, frequently thresh out the war situation for the edification of their fighting pals. Despite the difference in size the fight is still a draw.

DEATHS IN THE CITY OF BRAINERD

Several from Influenza but in Ma-
jority of Cases They Came from
Outside of Town

FUNERALS HELD SHORTLY

Little Daughter of Mr. and Mrs.
George Johnson Died and Par-
ents Sick With Influenza

Few Brainerd people are succumb-
ing to Spanish influenza. In the
large majority of cases the deaths in
Brainerd are of people who were sent
to Brainerd for treatment, or are bod-
ies shipped in for burial.

Louis Daniels, baby boy of Mr. and
Mrs. William Daniels, 1307 Quince
street, died of stomach trouble. He
was born Sept. 9. The funeral was
held Monday afternoon at 2 o'clock
from the residence, Rev. E. A. Cooke
officiating.

William Salanga, section man of
North Dakota died at a local hospi-
tal of influenza. No funeral ar-
rangements have been given out.

The funeral of Tony Ravnickar of
Woodrow, mining captain at the
Omaha mine, was held at 10 o'clock
Tuesday morning from the D. E.
Whitney chapel, Rev. Father J. J.
O'Mahoney officiating. He was bur-
ied beside his brother Frank who was
killed in a mine accident a year ago.
A brother from Gilbert attended the
funeral.

Albert Nelson passed away at a
Fergus Falls hospital and the re-
mains were sent to Brainerd and the
funeral held Tuesday afternoon at 2
o'clock from the home of his parents,
Mr. and Mrs. John Nelson of West
Brainerd, Rev. E. A. Carlson of-
ficiating. He was 23 years old and
single.

Lillian Margaret Johnson, age 3,
only daughter of Mr. and Mrs. George
Johnson, of 923 Third Avenue North-
east, died of influenza Monday morn-
ing and the funeral was held at 4
o'clock yesterday, Rev. A. Sorenson
officiating. The parents are sick
with influenza.

Oscar Gordon, age 16, son of Mich-
ael Gordon, section foreman at Mer-
ridell, died of influenza. The funeral
was held 3 o'clock Tuesday afternoon
from the D. E. Whitney chapel, Rev.
W. J. Lowrie officiating.

BAN ON PUBLIC MEETINGS

Hard to Gain Sentiment or to Size up
General Conditions in Town
and County

Never has Crow Wing county or
Brainerd experienced a more quiet
election campaign than the one that
is now culminating in the voting to-
day. The influenza ban barred pub-
lic meetings, it checked groups from
conversing on the election, it provid-
ed a barrier in the way of gaining a
line on sentiment. Of course, all
kinds of claims are made by rival
managers and candidates and the
general rule for a seasoned campaign-
er is to claim victory until buried by
votes.

The county has but two contests.
For sheriff there are the present in-
cumbent, Claus A. Theorin, of Brain-
erd and George A. Ridley of Ironton.
For county attorney there are the
present incumbent, S. F. Alderman of
Brainerd, and Gustav Halvorsen of
Brainerd.

At Barrows they sent in a hurry up
call for advice. A lady of the neigh-
borhood had determinedly entered
the polls and demanded to vote the
pink ballot on the prohibition amend-
ment. She was given the regulation
woman's ballot on county superintend-
ent of schools which bears the name
of but one candidate, Mrs. Irma C.
Hartley.

Election day did not start very
auspiciously in Brainerd. There was
quite a wind coupled with rain which
started to fall at 8:30 o'clock. Very
few votes were polled in the first
ward up to nine o'clock.

The fifth ward had a tangle on
election morning, turning down
some voters they claimed had not
registered on registration day. Brain-
erd had no regular registration day
like the large cities of Minneapolis,
St. Paul or Duluth. Voting on pri-
mary election acts as a registration.
And again, a man who did not vote
primary day can have his vote sworn
in today.

GOODBYE, WOMEN'S TROUBLES

The tortures and discomforts of
weak, lame and aching back, swollen
and bloated feet and limbs, weakness,
lassitude, dizziness, nausea, that tired
worn-out feeling, nervousness, sleep-
lessness, as a rule have their origin in
kidney trouble, not female com-
plaints. These general symptoms of
kidney and bladder disease are well
known—so is the remedy.

Next time you feel a twinge of pain
in the back or are troubled with head
ache, indigestion, insomnia, irritation
in the bladder or pain in the loins
and lower abdomen, you will find
quick and sure relief in GOLD MED-
AL Haarlem Oil Capsules. This old
and tried remedy for kidney disease
and allied derangements has stood
the test for hundreds of years. It
does the work. Pains and troubles
vanish and new life and health will
come as you continue their use. When
completely restored to your usual vis-

Why Batteries Wear Out

There are two reasons; the natural wear
that goes on slowly, and the rapid wear that's
due to abuse, as when you—

Forget to add distilled water.

You expect natural wear in batteries as
much as you do in tires—but if your tire was

Your Net Earnings

The "net earn-
ings" of a business
concern is the sum

left after running expenses have been paid.
The prosperity, indeed the continued existence of
a business enterprise depends upon having substan-
tial "net earnings" from year to year.

Your "net earnings"? What are they?

They are the sums you have left from your income
after your running expenses have been paid. Your
personal success is in proportion to your net earnings.

With a savings account at this bank, backed by a
determination to get somewhere financially, you
will have the incentive and the means of accumulat-

***** BRAINERD'S ODDEST STORIES OF TODAY *****

Just 36 years ago today, F. W. Wieland of the Dispatch cast his first vote in Brainerd and it was for Kindred in 1882. Since then Mr. Wieland has not missed a single election for primary.

The big papers make mistakes in their date lines too, showing they are just as human as the country weeklies or dailies. Witness the Minneapolis Journal whose news column stories dated November 2 are headed by a date line on the front page, Saturday, November 4, while the editorial head is dated Sunday, November 3.

The school board at the Ell-dart district school south of Brainerd turned out Sunday and hauled down a flag which had entangled itself in the rope and refused to fly straight. The pole was too tall for any board member to climb and so the pole was taken down to get at the flag.

All candidates went to bed last night full of optimism at winning out today, although it is reasonable to suppose that somebody is going to get left. They can't all be elected.

To Avoid and Relieve Influenza

BY DR. FRANKLIN DUANE

Many people have been frightened by what they have read or heard of influenza. The more you fear the disease, the surer you are to get it. Go right about your business and forget it. As the disease is spread principally by contact thru sneezing, coughing or spitting, many health authorities have advised that everyone wear a gauze, which is daily washed and saturated with a one to five hundred solution of zinc sulphate in water, and then dried before wearing over the nose and mouth. You should avoid crowds, common drinking cups and public towels. Keep your strength up by taking lots of exercise in the open air and plenty of nourishing food.

If you have any of such symptoms as chilliness, nasal obstructions, flushed face, headache, feverishness, restlessness, weakness, or irritating cough, give up work at once and go to bed. This will save your strength to help overcome the disease. Put your feet in hot water for fifteen minutes.

Thoroughly loosen the bowels with some such mild and non-irritating physic as Dr. Pierce's Pleasant Pellets. Drink principally of hot lemonade and then cover up with plenty of clothes in bed so as to get a good sweat. When sweating is free and the fever reduced take a dose of two Anurie Tablets every four hours, followed by drinking at least a glass or two of hot water. Anurie Tablets help quickly to relieve the soreness of the muscles and bones from which most patients complain and help the kidneys flush out the poisons.

To relieve nasal obstructions and excessive discharge from the nose, probably nothing is better than such a mild, soothing, antiseptic wash as Dr. Sage's Catarrh Remedy. It will give great relief. Employed as a gargle in same strength as made up for use in the nose, and as hot as can be borne, it quickly arrests soreness and dryness in the throat.

Influenza weakens the patient's resistance to disease, so that there is danger of bronchitis and pneumonia developing. To combat this tendency and fortify the patient's strength insist that he keep in bed at least two days. Probably nothing will at this stage hasten the recovery and strengthen the patient more than an iron-oxide tablet called "Irontic" or the well known herbal tonic, Dr. Pierce's Golden Medical Discovery, which has been used by thousands in the past two generations.—Advt.

Signal Fills Twofold Purpose.

Near a dangerous curve in Loring avenue, at Salem, Mass., a conspicuous warning signal has been erected for the benefit of motorists. It consists of a tall, brightly painted wooden figure, representing an officer with one hand raised and the other holding a red flag. Because of its size and color, the sign cannot escape notice, and therefore doubtless has a greater effect than would a more conservative sign. It was installed by a tire company beside one of the latter's billboards, and thus performs the twofold function of calling attention to the curve and so-and-so's products. Somewhat similar advertising schemes have been used elsewhere to good advantage.—Popular Mechanics Magazine.

Chubb—Did you convince her that you were right?

Dubb—This argument was with my wife, remember; I didn't say a word. I'll get my inning the next time we have company.

Historic Relics Unearthed.

An extraordinary find of historic pottery and relics has been made by Early Morris, excavating Pueblo ruins in Aztec, San Juan county, N. M., with a force of 25 men, for the American Museum of Natural History.

The discovery includes 60 pieces of rare pottery, more than 20,000 carved red and black stone beads, baskets, matting, knives, battleaxes and other stone implements. Turquoise beads, mosaics and shell ornaments are classed as among the finest ever excavated in the Southwest.

Grains of corn, with cobs, tassels and husks, were found intact, as were also beans and bean pods, pumpkin seeds, pine cones, cotton fiber, yucca leaves, rushes, cotton yarn and cloth sandals, snowshoes, beaver teeth and bones of animals and human beings, one skeleton in a sitting position indicating the man had been decapitated. The find was made in underground communal dwellings buried for centuries.

AMERICANS TO AID TURKEY

Prominent Business Men Will Assist Industry to Resume.

New York, Nov. 5.—Dr. James L. Barton, chairman of the American Committee for Relief in the Near East, will sail soon for Constantinople with a commission composed of prominent business men, to assist the work of rehabilitation and organization of industry in Turkey, it was announced here.

Says Kaiser Must Quit.

Zurich, Switzerland, Nov. 5. — The German propaganda service cites the Vorwaerts of Berlin as confirming the report that Philipp Scheidemann, Socialist leader in the Reichstag and member without portfolio in the German cabinet, had addressed to Prince Maximilian of Baden, imperial chancellor, a memorandum on the necessity of the retirement of Emperor William. The step was taken, it is added, after an agreement had been reached by the leaders of the Reichstag parties.

Little Movie Actress, Tired of City Life and Being "Dressed Up," Turns to Pig Raising

MADGE EVANS

Little Madge Evans, the movie actress, is so tired of studios and New York that she decided she must be a farmer. She just couldn't stand it, so she has gone to the country and is raising pigs. Madge says all pigs aren't just pigs. Some of them are

nice pigs, just like the ones she is feeding. Aside from the lure of the farm, the dainty movie girl declares that she was influenced in her choice because she doesn't want to be dressed up all the time like most of the film actors and actresses she knows. She aren't just pigs. Some of them are

POOR SWITZERLAND

Poor Switzerland, which preserved its neutrality, appears to be the only place open for German refugees. It will be a great place when all the hun deadheads including probably the Kaiser and his craven sons head for the Swiss mountains, the only sanctuary left for the crew and with them will go a large number of their retainers.

Switzerland will have to harbor them all and worse yet, will have to listen to their bellyaches for years to come.

MANY NEW ARMY BUILDINGS

War Department Authorizes Expenditure of \$5,630,000.

Washington, Nov. 5.—The War department authorized the construction division to proceed with war projects estimated to cost \$5,630,000. They include a new cantonment at Fort Benjamin Harrison, Ind., \$2,632,257; five vehicle storage buildings at Rock Island arsenal, Ill., \$551,629; 43 barracks, storehouses and medical, mess and administration buildings at Galveston, Tex., \$554,000.

WILLARD GOING TO FRANCE

American Railway Official Made Colonel of Engineers.

New York, Nov. 5.—Appointment of Daniel Willard, chairman of the Baltimore & Ohio railroad, as a colonel of engineers, U. S. A., for duty in France, became known here.

The French government, having recently decided to take over operation of all French railways, considered it desirable to have the assistance of an American executive, in view of the extensive use which the American expeditionary force is making of those railways, and it is understood the appointment was made at the suggestion of General Pershing.

ROME CELEBRATES VICTORY

Large Crowd Visits American and Allied Embassies.

Rome, Nov. 5.—Demonstrations by the Roman public in celebration of the victory over Austria-Hungary still continue.

All the Allied embassies were visited and the achievements of the armies of the various nations concerned in the notable successes were loudly cheered.

The ovation was especially enthusiastic outside the American embassy, where Ambassador Page appeared on the balcony and addressed the crowd. He was heartily acclaimed by the assembled citizens.

TITLES HEIRESSSES SUFFER

Alien Property Custodian Takes Over Their Holdings.

Washington, Nov. 5.—Millions of dollars' worth of property belonging to women of American birth who have married German and Austrian subjects has been taken over by the alien property custodian.

Many prominent women are in the list, including Countess Gladys Vanderbilt-Szechyni, whose property has been taken over amounts to nearly \$4,000,000 in securities, in addition to the income from a \$5,000,000 trust fund created under the will of her father.

VESSEL SUNK IN COLLISION

Barge Picks Up Crew of Ship Lost in Lake Huron.

Port Huron, Mich., Nov. 5.—The steamer Linn of the Pittsburgh Steamship company was sunk in collision with the steamer America in Lake Huron near the entrance to the St. Clair river.

Both steamers were downbound moving close together when suddenly the America swung sharply into the Linn, tearing a hole in her side.

All members of the Linn's crew were taken aboard the barge Medina, which the Linn was towing.

German Soldiers Discontented.

Amsterdam, Nov. 5.—The Cologne Gazette prints a message from Frankfurt in which the sender says he found deep discontent among furloughed soldiers from the fighting area. The writer says he vainly endeavored to bring the men to his viewpoint but that he found they were quite positive about the government having misled the country regarding the chances of peace in 1916. "What surprises us most," he says, "is their unanimity regarding this point."

New American Advance Makes Enemy Retirement Through Stenay Impossible.

COMMUNICATION CUT

Foch Deals Smashing Blows on Western Front and Collapse of Present German Defense Positions Is Close at Hand as Result.

With the American Army North-west of Verdun, Nov. 5.—The American troops advanced their lines both east and west, occupying Laneville directly opposite Stenay and taking Les Grands Armoises, on the left.

With the American Army on the Sedan Front, Nov. 5.—In the face of stubborn opposition, the Americans took and held firmly the wooded heights south of Beaumont, the last German stronghold west of the Meuse. The advance carried the lines forward for an average gain of five kilometers.

The forces on the heights are now about 7½ miles from Carignan on the Mezieres-Metz railroad and about nine miles from Sedan, bringing both places within range of the Allied shell fire.

London, Nov. 5.—The Germans on the Western front are going down a series of smashing blows and collapse of present foe defense positions seems near at hand.

On the northern end of the front in France, Field Marshal Haig launched a new attack south of the Scheldt in the region of Valenciennes. The operation began successfully on a wide front and this vital sector of the German positions is in great peril.

The French army maintains its pursuit but fighting activity is less than last week. German artillery has been active along the Aisne front, probably protecting an enemy retirement which is inevitable in view of the Allied success north and east.

Pershing's Armies Progress.

General Pershing's armies are pressing forward east and west of the Meuse and the Germans apparently are not prepared to make a stand. Stenay and the gap in which it lies is being encircled and its fall would appear to be near.

In the center of the sector west of the Meuse the American First army has driven forward to Sommarthe, 13 miles south of Sedan, the most important German center between Mezieres and Metz.

Germany, deserted by Austria, Turkey and Bulgaria, is apparently facing a great disaster on the Western front. There have been many times in the last three months when it seemed her armies were in a critical position, but the Huns always have managed to avoid a debacle. Now, however, there is a greater possibility than ever that Germany's military doom may not be far distant.

Crisis at Hand.

This crisis has arisen during the last three days. American and French attacks west of the Meuse river, which seemed to be gaining but little, apparently sapped the strength of the enemy. When the break came Saturday it took on aspect of a rout, rather than an orderly retirement such as has been carried out on dozens of battlefields from the North sea to Chateau Thierry since July 18.

It now appears that the Germans who have been holding the line running westward through the Champagne county cannot retreat eastward but must be diverted northward through Belgium. This will add many weary miles to the length of the journey that seemingly must be begun at once.

POPULACE WEEPS WITH JOY

Vienna Gladly Receives News of the Armistice.

Geneva, Nov. 5.—Vienna was delirious with joy when it was learned an armistice had been declared. The streets were soon crowded with men and women and children, crying and embracing each other.

The general opinion is that food will follow peace.

The report that Emperor Charles has abdicated aroused little interest.

ABDICATION IS UNNECESSARY

Party Leaders in Reichstag Remain Loyal to Kaiser.

Amsterdam, Nov. 5.—Party leaders of the German reichstag in their recent discussions decided there was no necessity for the abdication of Emperor William, the Lokal Anzeiger of Berlin says.

30,000 Nurses On Duty.

Washington, Nov. 5.—Thirty thousand nurses, more than half of whom are serving soldiers and sailors at home and abroad, were on Red Cross duty Oct. 1, the War Council announced. Large as this number is, 30,000 more nurses will be needed by the army by the first of the year and should the war continue until July a total force of 50,000 will be necessary, the report states. The Red Cross has spent \$850,000 in equipping nurses assigned to overseas duty.

OLD-TIME COLD CURE—

DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day of before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

SAYS HOT WATER
WASHES POISONS
FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.

If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent cathartics, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.

Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of Limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound which is sufficient for a demonstration of low hot water and limestone phosphate cleans, stimulates and freshens the liver, keeping you feeling fit day in and day out.

Bicycle Racing Makes Fighting Muscles,
Says Hardy Veteran Bobby Walthour

Sport Prospers in France Even More Than Before the War and Soldiers Are Enthusiastic, Declares Former World's Champion, Who Is Going "Over There" as a "Y" Worker With the French Army.

By BOBBY WALTHOUR
 (Former World's Champion Cyclist)

I AM certainly strong for the Y. M. C. A. game. You get all the thrills out of it you want, even if you, like I, have gone through many years of hard athletic life. I have had both legs broken several times, both arms broken, collar bone broken 24 times on one side and had my skull fractured. My body is covered with the scars of innumerable falls in my 23 years' riding experience, but I have gotten more thrills out of modified rugby, "Y" ball, and cage ball than I ever got out of bicycling.

I am in better condition to-day than I have ever been in my life before as the result of my training course at Springfield and Silver Bay, and I am simply rarin' to go. I know I am going to enjoy my work in France, for I lived there 14 years, and I only hope I can repay the brave French soldiers for their many great kindnesses to me when I was a stranger in their land. I am to work with the French army.

Thrives on Hard Work

It will be hard work, but I know I'll like it. If that bunch of good fellows who are helping our soldier boys through the Y. M. C. A., the K. of C., the War Work Community Service, the Jewish Welfare Board, the American Library Association and the Salvation Army, can stand it I guess Bobby Walthour can. I've thrived on hard work for years.

Bicycling is an ideal sport for a soldier. It builds up vitality as not other form of sport does, demanding extraordinary endurance and testing the muscles of the legs, heart and lungs, all of which are fighting muscles.

Bicycling is the national sport of France and Italy. It comes very nearly being the one great international sport, more so than our great game of baseball, or the English game of cricket. Bicycle racing has prospered in France even more

BOBBY WALTHOUR

since the war broke out than before. The soldiers love it. Many seek to get furloughs to come home and enter races. Crowds of 20,000 or even more are common to-day at French bicycle race meets.

Still Riding Well

In spite of my years in the game and many injuries, I rode well last year. I won at both sprints and distances most of the principal races at Dijon, Lyon, Paris and Milan.

I hold every track record in nearly every principal city in Italy, Belgium, France and Germany, as well as some American records. My thirty-mile record at Boston, 32:53 still stands and my six-day record of 1,402 miles in 72 hours, still stands.

So you see that thousands of

French soldiers know Bobby Walthour, and I long for the day when again I can be with them, in the uniform of the Y. M. C. A., and hear them call, as they once did: "Ah, M'sieu Bobby!"

Nobody will know now proud I shall be of that uniform and of the great work that I shall be entering upon. I believe it is the biggest job that Bobby Walthour ever undertook, and if I can only bring some sunshine into the lives of these poor, brave, French fighters, who have held back the Hun that we, over here in America, might have liberty—let's not forget that—then Bobby Walthour will die happy with the thought that he has done something really worth while. Vive la France! Vive les Etats Unis!

DISPATCH FIRE SUFFERERS' FUND

\$4,085 Collected Through the Dispatch and the Same Transmitted to the Brainerd Chapter

SENT TO MINNEAPOLIS SECTION

By Northern Division Headquarters Will be Sent to Fire Relief Commission

The Brainerd Dispatch Fire Sufferers Fund through persistent publicity accorded by the Dispatch gained the sum of \$4,085 and that amount was, as collected day by day, put promptly to the credit of Brainerd Chapter for use in relieving the fire sufferers.

It has now been turned over to the Northern Division Headquarters, by them acknowledged and the Dispatch fund, so generally contributed to by shopmen and business men and many farmers of the district and by quite a few out of town people, will shortly be fulfilling its errand of mercy.

The following letter is self-explanatory:

Nov. 4, 1918.
Mr. Fred T. Lincoln Sec'y
Brainerd Chapter, Red Cross,
Brainerd, Crow Wing Co., Minn.
My Dear Mr. Lincoln:

I am enclosing our formal receipt for the sum of \$4,085, contributed by the citizens of Brainerd, through the Brainerd Chapter of the Red Cross, for the relief of the fire sufferers in the northern part of the state. This sum will be transmitted to Mr. McGonagle, of Duluth, chairman of the Fire Relief Commission.

Permit me to express to you, and through you, to the citizens of Brainerd our very great appreciation of the generosity that you have shown in collecting and forwarding this large sum of money. It is another evidence of the fine spirit of co-operation and of helpfulness that your Chapter and citizens who compose it, have been showing.

The Red Cross is keeping in very close touch with the relief work that is being done under the auspices of the Fire Relief Commission, the Adjutant General's office, as well as that

being administered by its own agents, and it feels very confident that the situation is being handled with very great efficiency. The various agencies are working in entire harmony and are producing, on the whole, very satisfactory results.

The spirit of the Red Cross has never been shown in a more definite and satisfactory way than in the handling of this disaster. The part that Brainerd has taken in this work from the very beginning has been a most valuable one, and I want you to know how very thoroughly it is appreciated.

Yours very truly,
J. T. GEROULD,
Bureau of Development.

CEASE SPITTING AND SPREADING FLU

Through expectorating in public places flu germs are scattered by sufferers. There are laws to prevent this and the attention of the public is called to these rules on health:

Ordinance No. 192 of the City provides as follows:

Sec. 1. That hereafter it shall not be lawful for any person to expectorate upon any sidewalk, or on or upon the floor, stairs, stairway, corridor, or approach or approaches to any public building or other public place within the limits of the said city of Brainerd.

Sec. 2. Any person violating the provisions of this ordinance shall, upon a conviction therefor in the municipal court of the said city of Brainerd, be subject to a fine of not to exceed five (5) dollars, and be imprisoned in the city jail until said fine is paid not to exceed five days.

AMNESTY FOR WAR CAPTIVES

London, Nov. 5.—Every person imprisoned during the war for seditious utterances against the state and the conduct of the war and for high treason and rebellion will be released. It is officially announced in Vienna, according to a Central News dispatch from Amsterdam.

REPAIR OF ROADS IN BURNED AREA

Reconstruction of the Black Diamond Trail in Aitkin County, Rebuilding Bridges

DULUTH IS INTERESTED

Bad Stretch of Road in Aitkin County Between McGregor and Wright to be Resurfaced (Duluth News Tribune)

Reconstruction of the Black Diamond trail in Aitkin county, rebuilding all bridges in the burned districts of steel and concrete and a good roads service bureau are some of the recent projects of the good roads committee of the Duluth Commercial club.

Plans were outlined at a recent meeting held in Wadena of Black Diamond trail enthusiasts for repairs and rebuilding of a bad stretch of road in Aitkin county between McGregor and Wright. The road will be resurfaced in many places with gravel. Much of it is now of corduroy construction. The work will be started this fall and will be finished next spring.

The committee recently recommended to the board of directors of the Commercial club that it use its influence to have the culverts and bridges which are to be replaced as a result of the recent forest fires built of concrete and steel.

The good roads service bureau is a new feature. Through it, tourists may ascertain the exact condition of any road leading out of Duluth. The information of the club will be kept up-to-date and will include information as to the state of road, detours, repairs being made and as to the best route between different points in this northwest country.

FORMER BRAINERD MAN HONORED IN THE WAR

Lieutenant Donald D. Warner Son of Mrs. Caroline E. Warner, Gets Distinguished Service Cross

WOUNDED IN ACTION IN AIR

Right Thigh Shattered While on a Bombing Expedition with Other Planes in France

Lieutenant Donald D. Warner, a former Brainerd boy, has been honored for service in the war. General John J. Pershing, commander in chief of the American Expeditionary forces in the name of the President has awarded the distinguished service cross to him for acts of extraordinary heroism.

This is a copy of the official citation: "First Lieutenant Donald D. Warner, A. S. 96 Aero Squadron—For extraordinary heroism in action on September 4, 1918. While on a bombing expedition with other planes from his squadron, Lieutenant Warner engaged in a running fight over hostile territory with a superior number of enemy battle-planes, from Frauville to Lamorville, France. During the combat he was severely wounded, his right thigh being badly shattered. In spite of his injuries, he continued to operate his machine guns until the hostile formation had been driven off and one plane shot down burning. Home address: Mrs. C. E. Warner, 175 Humphrey street, Swamscott, Mass.

Lieut. Warner is a grandson of Mrs. E. E. Titus of Northeast Brainerd and a nephew of F. A. Farrar. His mother was born and raised in Brainerd, and Lieut. Warner spent many happy summers in Brainerd. He was born in Rochester N. Y., Feb. 25, 1895. He went to Boston with his mother, says the Boston Traveler, and was graduated from Boston English High. He entered the Massachusetts Institute of Technology and would have graduated this year.

He enlisted in the United States air service in July 1917, and was assigned to special training course at Tech, going from there to Mineola, November of last year he went to France with the commission of first lieutenant.

Wounded in action as a bombing observer, he was invalided home. Injuries to his right leg laid him up for weeks in a base hospital.

It was Sept. 4 Lt. Warner, on one of a squadron of seven American bombing planes, started over the German lines. The squadron was attacked by 11 German planes and four American birdmen were wounded. All American planes returned.

Warner, according to the surgeons, will eventually be able to walk without a limp. Letters to his mother, Mrs. Caroline E. Warner of Swamscott and Boston, manager of the William Filene restaurant, tell of his fight and wound, but say nothing of his having received the D. S. C. nor of his return home.

JAMES W. EVANS

Producer of "The Whirl o' the Town" Appointed to Overseas Service in "Y"

James W. Evans producer of "America Awake" and "The Whirl o' the Town" and well known in Brainerd by a large circle of friends, today received from New York an appointment for overseas service in the Y. M. C. A. entertainment department.

Mr. Evans will specialize on producing shows with the boys, and now there will be a probable relaxation of strenuous training, such work will be especially desirable until shipments of the troops home are completed. He expects to sail for France early in December, after his performances here and also at Stillwater, where he is booked with the Elks for late November.

"HEARTS OF THE WORLD"

To be Presented Soon Shortly after the Influenza Ban is Raised

The engagements of D. W. Griffith's great photoplay spectacles never fail to draw out the very best elements of society at the openings everywhere they are announced and will be no exception to the rule when Mr. Griffith's latest and greatest triumph "Hearts of the World" is presented for its premiere in this city.

Already a large number of theatre parties have been organized and the theatre will have much the appearance of an opening of the opera season in a great metropolis. It will be a fashionable affair all the way through. Reports from New York and Chicago say that "Hearts of the World" is the most beautiful and sympathetic story the great producer has ever made. That will be remarkable in view of his past achievements. The sale of seats opens shortly after the influenza ban is lifted.

Another shipment received this morning, of splendid Georgette and Crepe de Chine waists which have made our waist section so much appreciated. You'll be delighted in seeing them.

\$18,000 IS THE CITY'S QUOTA

War is not Over, Estimated Take Two Years Before Soldiers are Demobilized

George A. Tracy, chairman of the United War Drive is planning to have Crow Wing county complete its quota ahead of any other county.

While most counties will begin their work Monday next, Mr. Tracy is organizing his forces to complete the drive Friday and Saturday of this week and have it completed before others begin.

Some have imagined that now that peace is near that the needs will not be so great. The contrary is true. It is estimated that it will be two years before the army is fully demobilized and the boys will need the restraining influences more when not actually fighting than when active.

Everyone should give liberally for the comfort of the boys that they may be returned clean in morale. Crow Wing county is asked for a large contribution—and will meet it.

Brainerd's quota is \$18,000. Wm. Nelson is chairman of the city and is operating on the allotment plan. Teachers of the city, enjoying an enforced vacation on account of the influenza ban, are assisting in the campaign. The city will be covered, block by block.

ROLL OF HONOR

Eugene K. White, son of Mr. and Mrs. C. B. White, is home on a short furlough. He enlisted in the navy in May 1917, was trained at the Great Lakes station and left for transport service last March. He has charge of the canteen on the U. S. Ténadoras, a troop ship on which he has made six trips. The transport carries a crew of 350 and its usual quota is 2,000 soldiers for overseas.

DON'T DRINK SHIPS!

U. S. Food Administration.
Are you shocked to see the lady drinking ships? You drink ships every time you use sugar unnecessarily, in a beverage. Seventy-five per cent. of the sugar used in this country has to be brought here in ships. Every possible ship is needed for the transportation of troops and supplies to the other side. Eliminate sugar as a luxury, and you release many ships for war purposes.
Teach your appetite to remember this—
DON'T DRINK SHIPS.

The Government is raising \$2,000,000,000 this year through War Savings Stamps—that is only an average of \$20 for every man, woman and child in the United States.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, sniffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

Full, True and Particular.

A girl was asked to parse "kiss" and this was her result: "This word is a noun, but it is usually used as a conjunction. It is never declined and is more common than proper. It is not very singular, in that it is usually used in the plural. It agrees with me."

Catarrh Cannot be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

COMPLETE SURRENDER

Armistice Terms Show Thorough Submission of Austria.

Dual Monarchy Must Demobilize Army, Turn Over Portion of Fleet and Disarm Remainder.

Washington, Nov. 5.—The armistice terms accepted by Austria include the following:

Cessation of hostilities.

Demobilization of her army.

Deliveries to the Allies of half of the enemy artillery and equipment.

Evacuation of all invaded territories.

Use by the Allies of roads, railroads and waterways of Austria-Hungary.

Immediate return of all Allied prisoners.

Surrender of a stipulated number of submarines and other war vessels.

Allied supervision of the remainder of her fleet.

Opening of the Adriatic and Danube to the Allies.

Allied occupation of the Danube forts and Pola naval base.

Concentration of aircraft at designated points.

Terms of armistice under which the land and sea forces of what once was the Austro-Hungarian empire have laid down their arms were announced today simultaneously in Washington and the Allied capitals. They accomplish complete surrender and open Austrian and Hungarian territory for American and Allied operations against Germany.

From this drastic document it may be stated, may be gleaned an accurate outline of the conditions nearing completion in the the supreme war council at Versailles under which Germany may have a cessation of hostilities.

Evacuation of Austrian territory roughly corresponds to the boundary lines claimed by Italy under the Italo-irredentia, or treaty of London program. The right of occupation by Allied forces is reserved, local authorities to maintain order under Allied supervision.

The terms of the armistice are to be carried out under the direction of Marshal Foch, who will designate material to be turned over and supervise the movement of Austro-Hungarian forces to the rear.

161 AMERICANS DIE IN ACTION

Latest Casualty List Brings U. S. Losses to 61,231.

Washington, Nov. 5.—Names of 161 Americans, killed in action, headed the list of 627 casualties announced by the war department. The new list brought the nation's war losses to 61,231. Casualties were divided as follows: Died of wounds, 77; died of disease, 100; died from accident and other causes, 4; wounded, 279; missing in action, 16.

Northwest names appear as follows:

New York Celebrates.

New York, Nov. 5.—Sirens set up to give warning of enemy air raids led a chorus of victory here when factory and steamboat whistles and bells on churches and public buildings joined them in celebration of the official announcement that Austria was out of the war.

Hungary Places Food Embargo.

Geneva, Nov. 5.—The Hungarians have declared a food blockade against Germany in an effort to hasten peace. It was reported in dispatches received here. All railway and boat traffic to Germany has been stopped. The Berlin National Tidende says the blockade holds up 20,000 tons of foodstuffs, large quantities of petrol and prevents the return of two German divisions. A dispatch from Vienna says that German soldiers and sailors passing through Laibach have been disarmed.

FOE HOLDS MANY REFUGEES

Those of Military Age Retained by Germany at Border.

Amsterdam, Nov. 5.—Belgian and French refugees who crossed the Dutch frontier before it was closed during the last week report that the latest form of German cruelty took form in the separation of men of military age from their families within sight of the land of deliverance. They had been permitted to travel eastward with their wives and children until the last stage was reached and there they have been detained. The old men and women and children were allowed to proceed across the border.

CAPTURES 20,000 AUSTRIANS

British Division Also Takes Several Hundred Guns.

London, Nov. 5.—More than 20,000 prisoners and several hundred guns have been taken by the Forty-eighth British division, operating on the Asiago plateau towards the Trentino. It is announced in an official statement issued by the war office. On the Venetian plain the forces that effected a crossing of the Tagliamento river included the 332d American regiment.

AUSTRIA HAS 251 VESSELS

Warships Will Be Taken by Allies or Disarmed.

Washington, Nov. 5.—Austria-Hungary's navy, which either must be delivered to the Allies or disarmed under the terms of the armistice that country has signed, consists of approximately 251 ships, according to latest official information reaching the Navy department. These figures, Secretary Daniels announced, were compiled without reference to recent reported losses of two Austrian battleships.

WILSON SENDS GREETINGS

Congratulates Italy On Victory Over Dual Monarchy.

Washington, Nov. 5.—President Wilson sent the following message by cable to the king of Italy:

"May I not say how deeply and sincerely the people of the United States rejoice that the soil of Italy is delivered from her enemies. In their name, I send your majesty and the great Italian people the most enthusiastic congratulations."

"WOODROW WILSON."

Hohenzollern Dynasty Totters.

Paris, Nov. 5.—The reichstag groups will confer today and tomorrow for the purpose of arriving at a decision on the question of the Hohenzollern dynasty, says a Zurich dispatch to L'Information, quoting the Badische Presse. The German press believes that the kaiser and military headquarters propose to refuse the terms of the armistice, while the civil government is inclined to accept them. The tension between the two factors is said to be critical.

HINDENBURG IS WHISTLING

Having Hard Time to Keep Up His Failing Spirits.

Amsterdam, Nov. 5.—Berlin newspapers published a message from Field Marshal von Hindenburg thanking societies and individuals for their "expression of confidence and attachment."

The field marshal says, among other things:

"Our honor, freedom and future are now at stake. We are invincible if we are united."

The military commander says that if the German army is strongly supported "then our fatherland will brave all onslaughts."

FRONED ON ALL LUXURIES

At Many Times in Different Periods an Effort Has Been Made to Enforce Simplicity.

Luxury taxation is by no means a new idea. In Rome, more than 2,000 years ago, the Oppian law enacted that "no woman should possess more than half an ounce of gold, or wear a dress of different colors, or ride in a carriage in the city or within a mile of it except on occasions of public religious ceremonies." In 187 B. C. a law was passed to limit the number of guests at entertainments.

A limit was set on the cost of funerals and of funeral monuments, and there would certainly be some outcry in this country against the methods of Julius Caesar, who had officers stationed in the market place to seize provisions forbidden by law, and sent soldiers to forests to remove illegal estates!

In our own country, the fourteenth century found extravagance in dress rampant, and during the reign of Edward III laws were made to restrain it. Food, also, has been regulated by old English laws. In the reign of Edward II a proclamation was issued against extravagant catering in the castles of "great men."—London Tit-Bits.

Frog Catcher Enlists.

Though Fritz is on the jump, his fate now is all the more certain. Peter Charon of New Haven, official frog catcher for the laboratories at Yale university, has enlisted in the marine corps.

"There isn't much doing in the frog line now," says Charon. "Before the war you used to hear them churning out their cries of 'Jug of rum! Jug of rum!' but now you can't find any of the creatures down our way. Besides there's no market since the laboratory men have all gone to war."

Charon is six feet and one inch in height. The marines consider him a good addition to their fighting corps.

HOME TOWN HELPS

WELL WORTH SMALL OUTLAY

Cultivation of Hedges and Fences Along Railroads Right of Way Is of Real Practical Value.

A number of railroad companies have already made considerable effort to beautify their rights of way and station grounds. In some places the roads are paralleled for many miles by hedges, and the land on either side of the tracks is covered by beautiful turf. About the stations, hedges, shrubbery, and flower beds are common. If this planting could be aimed in part, at least, toward attracting birds it would be very effective and great good would be done. If the clumps of shrubs were formed of kinds furnishing bird food, if more of them were placed along the rights of way, if the hedges were allowed to bear fruit, and if the fence poles or possibly even some of the telegraph poles bore bird houses, thousands of birds could live where very few do now.

The suggestions made are by no means without practical value to the right of way itself. For instance, supplying bird boxes is the best method of preventing damage to poles by woodpeckers, which come anyway under present conditions and make their own homes. Hedges or fences densely covered with vines would decrease, if not entirely obviate, expenditures for the movable snow fences now extensively used.

small frame chapel that stands on a hillside at Tacoma, Wash. Planted some ten years ago, the vines have grown luxuriantly and now completely conceal the four sides of the tower, which rises to a height of about 50 feet. At the top the foliage has been so trained and trimmed that it has the appearance of a massive bell. —Popular Mechanics Magazine.

How Town People Aid Farmers.

How the little town of Delhi, situated in the Catskill mountains in New York state, is aiding farmers in the surrounding community in securing much-needed labor is told by a representative of the United States department of agriculture, who has recently returned from an inspection trip in that district. The local commercial club of Delhi has organized some of the business men of the town who are willing to do farm work after three o'clock. The farmer who needs help telephones to the club, and at three o'clock the volunteer workers climb into automobiles and report to his farm for a half day's work. About 35 business men are being placed every day on the farms around Delhi. The local minister has set the example. He spends one day helping each of the farmers in his congregation.

Ventilation and Sunlight.

Ventilation, with a boundless supply of fresh air and sunlight, are wonderful cures for many dread diseases, purifying and cleansing the air we breathe; yet we find windows closed and blinds drawn to shut out the pure air and sunlight. The sun must not shed its rays upon our furniture, carpets, etc., for fear of making them fade! We had far better only have things which do not fade than shut out the glorious sun's rays. What is the use of by-laws compelling builders to provide windows of at least one-tenth the floor area, half of which must be made to open, if we defeat the object for which they were made?—Architect and Contract Reporter.

Poor Poetry, but Good Truth.

What is it that the near-poet says? Anyhow, there's plenty of truth in the sentiment, however unclassical the verse.—The Progressive Farmer.

Do Something Better Than the Other Fellow-- and ADVERTISE

Advertising cannot accomplish the impossible any more than barren ground can yield rich crop.

But how advertising does make things hum when the product and proposition are right, the men and methods above board, when there's an honest purpose and earnest effort from bundle boy to general manager to serve efficiency, to deal honestly, to sell good goods, to price fairly.

Oil up the machinery of your business, imbue your organization with the spirit of true service, make your business worthy of the good will, the confidence, the patronage of the people.

In this fertile field then sow the seed of advertising and it will bring forth abundant crops in increased business and augmented prestige.

Your store news in the Dispatch will be read in practically every home in Brainerd and vicinity every evening.
